EDUCATION

The University of Texas at Dallas | Master of Science in Social Data Analytics and Research, May 2027 | **GPA:** 3.9

The University of Texas at Dallas | Bachelor of Arts in Political Science, May 2024 | **GPA:** 3.6

PROFESSIONAL EXPERIENCE

Front Desk Coordinator | Center of Neurology | *Frisco, TX* | *September 2026–Present*

- Serving as a primary point of contact for a busy neurology practice, greeting patients, managing phone communications, and supporting new-patient intake and follow-up visits.
- Coordinating check-in and check-out, appointment scheduling, demographic and insurance verification, and accurate documentation within Electronic Health Record (EHR) systems.
- Processing copays, deductibles, account balances, medical documentation, and digital correspondence while maintaining HIPAA-compliant patient confidentiality.

Application Software Development Intern & Project Management Coordinator | Tomorrow's Leaders Today, Inc. | *May 2026–July 2026*

- Developed mobile-responsive digital tools supporting internship operations, including check-in systems, activity trackers, reminders, and feedback modules.
- Organized intern data and created dashboard-style visualizations to support program tracking, reporting, and data-informed decision-making.
- Coordinated with application development and AI Ethics & Bias Auditor teams to document workflows, define requirements, and support completion of technical deliverables.

Data Research Intern | Tomorrow's Leaders Today, Inc. | *March 2026–May 2026*

- Collected, cleaned, standardized, and organized datasets related to community indicators, youth services, and nonprofit program research.
- Applied R, SQL, Stata, and Excel to mixed-methods research, data analysis, visualization, reporting, and preparation of structured analytical outputs.

LEADERSHIP EXPERIENCE

Head of Events & Risk Manager | EnVision – Data Visualization Organization, The University of Texas at Dallas | *September 2026–Present*

- Lead planning and execution of workshops, speaker sessions, professional-development events, and organization-wide initiatives focused on data visualization and analytics.
- Coordinate event logistics, scheduling, communications, attendance, and collaboration among executive board members, faculty, students, and external speakers.
- Continue serving as Risk Manager by identifying operational and event-related risks, supporting preparedness, and promoting accountability and risk awareness across organizational activities.

Operations Officer | EnVision – Data Visualization Organization, The University of Texas at Dallas | *March 2026–May 2026*

- Coordinated workshops and speaker sessions and supported analytics-focused programming with executive board members, students, faculty, and guest speakers.

HONORS, AWARDS & CERTIFICATIONS

The Honor Society of Phi Kappa Phi | Selected for Membership; Initiation November 2026

- Selected for membership in the nation's oldest and most selective all-discipline honor society, an honor extended to the top 10% of graduate students in recognition of sustained exceptional academic performance.

Outstanding Delegate, Human Rights Council | National Model United Nations Germany | November 2023

- Recognized for diplomacy, negotiation, policy knowledge, and committee performance while representing Paraguay.

Best Position Paper, Human Rights Committee | Model United Nations Conference, Portland, OR | January 2023

- Awarded for research and policy analysis demonstrated through the delegation's written position paper while representing Costa Rica.

Distinguished Delegation Award | National Model United Nations New York, UT Dallas Delegation | April 2023

- Member of the UT Dallas delegation representing Serbia recognized for overall conference performance.

Math & Coding Camp Certification | August 2025

- Completed training in R, mathematics, statistics, and quantitative data analysis.

RESEARCH AND ACADEMIC PROJECTS

Survey Data Explorer | R, Shiny, Survey Analytics

- Built an interactive R Shiny application for exploring General Social Survey data through demographic filters, survey-weighted visualizations, cross-tabulations, longitudinal trends, custom uploads, and downloadable analytical outputs.

Single-Player Video Game Library | PostgreSQL, SQLite, SQL, R, Shiny

- Designed a relational database and interactive R Shiny application for organizing video game metadata, querying records, reviewing player information, and generating personalized game recommendations.

Cyber Threat Intelligence Dashboard | Data Visualization and Interactive Analytics

- Developed an interactive dashboard for exploring cybersecurity incident data by victim country, attacker location, industry, threat category, and other indicators, with filters supporting pattern identification and comparison.
